

North San Diego County Vernon Payne Chapter 286

President: John Hubbard Vice President: Mike Talmadge Secretary: Rick Brown Treasure: George Pruitte

NEXT MEETING

Thursday, February 2, 2006
Palomar Airport
7:00PM

SEPTEMBER SPEAKER

Jeff Acord
LA to PHOENIX in 39 MINUTES

Minutes of January 5, 2006

Greg Butler: Greg spoke about the Project Tour on Saturday, Jan 14. Fifteen people started at 8AM at Palomar with Mike Talmadge's RV9 sporting a Subaru engine. Then out to Escondido for a look at Bob Wilson's Sonic. Fallbrook was next to see John Levi's T18 and some other interesting projects underway at the airport. They broke for lunch at the well-known gourmet eating establishment Carl's Jr. On to Oceanside and Olen Porter's Carbon Fiber Berkut and Brandon Tucker's Zodiac with that Corvaire engine he keeps talking about. Finished the tour about 3PM at Carlsbad looking over Ariel Bello's RV7. Next time lets all go!

George Pruitte:

We have a balance in bank of approx. \$1,100. I renewed for the membership INFO, REG, FEE and insurance with EAA.

15 Before the Break

Craig Cook spoke on CLAMPING/RIVETING and displayed CLAMPS, CLECOS & RIVET accessories.

Speaker: **Peter Jago** gave us an introduction into flying the SUK01 29 one of the hottest aerobatics aircraft in the world. This included a DVD: AEROBATIC featuring THE 29.

NOTICE;

The Golden West EAA Regional Fly-In cannot have reached its great success without the help of hundreds of volunteers, some working year round, some working for several months before the event and many, many others helping out during the fly-in.

On the GWAA web site are listed short descriptions of the varied positions that are staffed by our volunteers. Look them over to see if you can find just the right place for you. If you aren't sure you're best fit, try a shift at two or three different ones to find the ones you like the best. Keep in mind, each position requires staffing by more than one or two volunteers so there are plenty of openings for everyone! (<http://goldenwestflyin.org>) and click on volunteer info.

Van's Aircraft will be pleased to send their 35 minute DVD "The RV Story" to all EAA Chapters at no cost. The presentation is not just sales material: it gives an accurate idea of what goes into building one of the world's most popular kit aircraft. Model choices, building techniques and costs are all covered. They'll also send a new Van's accessories catalog, full of stuff you can use on any homebuilt airplane, too.

If our Chapter want to see this we can contact Ken Scott at Van's at 503-678-6545 ext. 322.

This story allegedly happened late one night during bad weather. As heard over the tower radio:

Helicopter Pilot: "Roger, I'm holding at 3000 over such-and-such < beacon".

Second voice: "NO! You can't be doing that! I'm holding at 3000 over that beacon!"

(brief pause, then first voice again): "You idiot, you're my co-pilot."
