

North San Diego County Vernon Payne Chapter 286

President: Bob Wilson Vice President :Mike Talmadge Secretary: Dave Leedom Treasure: George Pruitte

NEXT MEETING

Thursday August 2, 2007 7:00PM

NOTE: Airport Administrative Building, Palomar Airport (next to the Enterprise Rent a Car office)

SPEAKER To be announced at the meeting.

MINUTES for July 5, 2007

The meeting was called to order at 1901 hours by President Bob Wilson. We met for the first time in the Palomar Airport Administrative Building. The surroundings and acoustics were such an improvement, we may get spoiled meeting in this environment.

It was noted that dues are due for the next club year. You can mail dues Owen Porter at 1350 Woodview Ct, Oceanside, CA 92056.

The minutes were approved as written.

Under new business, Alan Purdy introduced Larry Bell, and A&P who may take over the technical advisor duties for the club. Alan noted that for FAA inspections, he wants details of the project from the builder. Alan will then give some advice before the actual inspection to help things go well.

The Chapter is also looking for another flight advisor because Brandon took another job and moved to Apple Valley and doesn't get back to the San Diego area too often.

Jay Alay of the Young Eagles noted there will be a meeting of the Young Eagles on 5 August and that he will contact the "regulars" about that meeting.

Owen Porter said he had a new roster and would put it on the web site.

John Hubbard brought up the continuing issue of replacing the hand-held microphone with a lapel microphone. We had waited to see if it was needed in the new meeting environment. Even though the acoustics are immensely improved in the new meeting room, the consensus was to get the lapel microphone. (Old aviators can't hear very well?)

Glenn Snavelly said he got a \$100 check for last quarter's meeting room rent returned, so the treasury is \$100 richer.

VP Mike Talmadge suggested a mid-summer BBQ. The announcement of that event will be carried in the monthly news letter and announced at the next meeting.

Greg Butler passed around a 1/24 model of an RV7 that he is considering producing and asked for feedback on the venture and the model.

Speaker

There was no speaker; President Bob showed an entertaining movie about the Sonex kit-built aircraft configuration and flying.

Chapter 286 Annual Gathering

The 2007 annual gathering for Chapter 286 will be at the home of John and Bonnie Hubbard's on Saturday, 25 August at 1 PM. The grill will be fired up at 2 PM. Bring the entrée you want to BBQ, your own drinks, and a side dish or desert to share.

John and Bonnie live at 1550 Chandelle Lane, Fallbrook. (It figures he'd have an aviation theme in his address, doesn't it?) Maps to the Hubbard residence will be available at the 2 August meeting and will be published on the website.

Please RSVP to John at (760) 749-8374.
